Maria **Jantz**

Graduate Student Researcher · Bioengineering

(+1) 316-836-6321 | mkjantz@gmail.com | 124 N. Linden Ave Apt. 2, Pittsburgh, PA, 15208

Education

University of Pittsburgh, Swanson School of Engineering — *Pittsburgh, PA*

PhD Student — *Aug 2017 - Present*

- Investigate the use of epidural spinal cord stimulation to restore bladder control.
- NDSEG Fellow

Goshen College — *Goshen, IN*

B.A. in Physics, Interdisciplinary Studies (Informatics, Mathematics, Art) — *Aug 2011 - May 2015*

- Summa Cum Laude
- Presidential Leadership Award

Experience

University of Pittsburgh (Profs. Aaron Batista and Patrick Loughlin) — *Pittsburgh, PA*

Co-facilitator, Grant Writing — *Aug 2020 - Dec 2020*

- Designed syllabus and planned course activities.
- Taught grant writing and science communication concepts.

Northwestern University (Profs. Lee Miller and Matthew Tresch) — *Chicago, IL*

Research Technician — *Aug 2015 - July 2017*

- Implanted acute and chronic EMG and stimulation electrodes in rats, as well as epidural and intracortical arrays for neural recording.
- Collected and analyzed EMG, neural and kinematic data.
- Designed and built lab equipment.

CodePurple — *Goshen, IN*

Computing Intern — *Jan 2013 - May 2015*

- Created websites using HTML and CSS.
- Met with clients to determine project goals.

Community Tutor — *Goshen, IN*

Tutor — *Jan 2015 - May 2015*

- Taught Math, Science, and Spanish concepts to local students.
- Prepared example questions and curriculum for subjects at the 8th and 9th grade levels.

Goshen College (Prof. John Ross Buschert) — *Goshen, IN*

Undergraduate Student Researcher — *Aug 2013 - Dec 2013*

- Designed infrared motion-tracking prosthesis using inverse kinematics algorithm.
- Earned Best in Show award after presenting at Goshen College Electronics Competition.

Goshen College (Prof. John Ross Buschert) — *Goshen, IN*

General Physics Lab Assistant — *Aug 2014 - Dec 2014*

- Prepared and demonstrated laboratory experiments.
- Graded student coursework and tutored students.

Goshen College (Prof. Peter Miller) — *Goshen, IN*

Programming I Teaching Assistant — *Aug 2012 - Apr 2013*

- Taught essential programming concepts in Python 3.
- Tutored students outside of class.

Study Service Term — *Candelaria, Nicaragua*

Environmental Engineering Field Worker — *May 2013 - Jul 2013*

- Installed and repair biodigestors in order to transform manure into biogas for cooking stoves.
- Led initiative to increase efficiency of water use in cultivation of fruit and vegetables.
- Built cross-cultural relationships with host family and coworkers.

Goshen College Computer Help Desk — *Goshen, IN*

Student Technology Assistant — *May 2012 - Apr 2013*

- Communicated computer and technology solutions to callers.
- Performed in-person software and hardware troubleshooting.

AgCo Agricultural Company *Hesston, KS*

Test Department Intern *May - Aug 2011, 2012*

- Developed automatic testing system for control panel software.
- Established test procedures for tractor and combine systems.
- Debugged malfunctioning machinery and software.

Publications & Talks

Optimizing spinal cord stimulation for bladder control using evoked nerve and muscle responses *Oct 2020*

MK Jantz, CH Gopinath, R Kumar, RA Gaunt

Neuromatch 3.0 Conference, *Talk*

Epidural spinal cord stimulation for selective activation of lower urinary tract nerves *Jul 2019*

MK Jantz, CH Gopinath, BL McLaughlin, RA Gaunt

International Society for Autonomic Neuroscience Conference, *Talk*

Decoding neural activity to predict rat locomotion using intracortical and epidural arrays *Mar 2019*

FO Barroso, B Yoder, D Tentler, JJ Wallner, AA Kinkhabwala, MK Jantz, RD Flint, PM Tostado, E Pei, ADR Satish, SK Brodnick, AJ Suminski, JC Williams, LE Miller, MC Tresch

Journal of Neural Engineering, *Paper*

Selectively activating lower urinary tract nerves with epidural spinal cord stimulation *Nov 2018*

MK Jantz, CH Gopinath, L Wong, JI Ogren, BL McLaughlin, AC Nanivadekar, LE Fisher, RA Gaunt

Society for Pelvic Research Conference, *Oral Presentation*

To Pee or Not to Pee: Rehabilitation Following Spinal Cord Injury *Oct 2018*

MK Jantz

Goshen College Science Speakers Seminar, *Invited Talk*

Cortically Controlled FES for Restoration and Rehabilitation of Function Following SCI in Rats *Oct 2018*

FO Barroso, B Yoder, JJ Wallner, MK Jantz, PM Tostado, E Pei, V Tysseling, LE Miller, MC Tresch

International Conference on Rehabilitation, *Paper*

Beginning Python: Python essentials for anyone past fifth grade *Oct 2017*

MK Jantz

Amazon Digital Services LLC

Posters

The Sweet Sounds of Coding: Promoting Digital Inclusion Via Remote Instruction of Introductory Python in a Musical Context *Feb 2022*

MK Jantz*, S Anjum*, J Churilla, K Holbrook, SD Abramowitch (*Contributed Equally)

Collaborative Network for Engineering and Computing Diversity

Lower Urinary Tract Activity Evoked by Spinal Cord Stimulation is Frequency-Modulated *May 2021*

MK Jantz, CH Gopinath, R Kumar, BL McLaughlin, RA Gaunt

IEEE Conference on Neural Engineering

Optimizing spinal cord stimulation for bladder control using evoked nerve and muscle responses *May 2020*

MK Jantz, CH Gopinath, R Kumar, NM Greenlee, BL McLaughlin, RA Gaunt

American Urological Association

Current Steering To Selectively Recruit Nerves Of The Lower Urinary Tract *Apr 2020*

MK Jantz, CH Gopinath, R Kumar, NM Greenlee, L Wong, JI Ogren, BL McLaughlin, RA Gaunt

Experimental Biology

Recruitment of lower urinary tract peripheral afferents and muscles in response to spinal stimulation *Oct 2019*

MK Jantz, CH Gopinath, R Kumar, L Wong, JI Ogren, G Chitnis, BL McLaughlin, RA Gaunt

Society for Neuroscience

Epidural spinal cord stimulation selectively recruits bladder afferent pathways *Oct 2018*

MK Jantz, CH Gopinath, AC Nanivadekar, JI Ogren, G Chitnis, L Wong, LE Fisher, BL McLaughlin, RA Gaunt

Society for Neuroscience

Selective recruitment of bladder afferent pathways through epidural spinal cord stimulation *Jun 2018*

MK Jantz, CH Gopinath, AC Nanivadekar, JI Ogren, G Chitnis, L Wong, LE Fisher, BL McLaughlin, RA Gaunt

Neural Interfaces Conference

Epidural Current Steering for Selective Modulation of Lower Urinary Tract Function *Apr 2018*
JI Ogren, G Chitnis, L Wong, Z Hu, W McKinney, CH Gopinath, MK Jantz, MA Novelli, LE Fisher, RA Gaunt, B McLaughlin
SPARC (Stimulating Peripheral Activity to Relieve Conditions) Consortium Meeting

Soft Silicone Electrode Nets: implantable technology for visceral organ interfacing *Apr 2018*
RA Gaunt, D McDonnall, CH Gopinath, MK Jantz, A Thiessen, J Ortega, D Weir, TW Simposon, MA Novelli, LE Fisher
SPARC (Stimulating Peripheral Activity to Relieve Conditions) Consortium Meeting

Decoding neural data to predict locomotion with intracortical and epidural arrays *Nov 2017*
MK Jantz, PM Tostado, AA Kinkhabwala, FO Barroso, E Pei, MC Tresch, LE Miller
Society for Neuroscience 2017

Development of cortically-controlled muscle stimulation to restore treadmill locomotion and overground navigation in spinal cord injured rats *Nov 2016*
AA Kinkhabwala, MK Jantz, JA Gallego, TA Vernon, MC Tresch, LE Miller
Society for Neuroscience

FES Control for Restoring Complex Functional Hindlimb Movements in the Rat *Jul 2016*
MK Jantz, AA Kinkhabwala, JA Gallego, LE Miller, MC Tresch
International Society for Electrophysiology and Kinesiology

Leap-Enabled Arm Following System (LEAFS) Prosthesis *Dec 2013*
MK Jantz, PH Biddle, SA Miller, JR Buschert
Goshen College Electronics competition

Honors & Awards

Dec 2020 **Nominee**, AAAS/Science Program for Excellence in Science
Dec 2019 **Associate STEM Teaching Certification**, University of Pittsburgh Center for Research, Teaching, and Learning
Mar 2019 **Fellow**, NDSEG (National Defense Science and Engineering Graduate Fellowship)
Dec 2018 **Best Oral Presentation**, Society for Pelvic Research
Dec 2018 **Winner**, Engineering Graduate Students Organization Travel Award
Oct 2018 **Winner**, Society for Neuroscience Ripple Travel Award
May 2018 **Winner**, Neural Interfaces Conference Diversity Travel Award
Apr 2018 **Honorable Mention**, National Science Foundation Graduate Research Fellowship
Oct 2017 **Bevier Award**, University of Pittsburgh Department of Engineering
May 2014 **NAIA Scholar Athlete**, Track and Field, Goshen College
Sept 2011 **President's Leadership Award**, Goshen College
Mar 2011 **Scholar**, National Merit Foundation

Skills

Programming MATLAB, Python, C/C++, HTML/CSS, LabView, LaTeX
Interfaces Arduino, Raspberry Pi, Ripple Grapevine, Leap Motion IR Sensor
Surgery Muscle and nerve implants, Cortical electrode placement, Tracheostomy, Laminectomy, Rodent and feline models
Machining Table saw, Drill press, Mill, Lathe, Hand tools

Extracurricular Activity

Outreach RNEL Inclusion and Diversity Committee, Bioengineering Outreach Student Society, FIRST Robotics programming mentor, Programming clinic for middle school girls, Science Olympiad, Goshen Women in Science club founder & president, Engineering with fifth graders
Leadership Northeast Biomedical Engineering Conference Reviewer, Center for Neural Basis in Cognition Student Committee, Rehab Neural Engineering Labs Graduate Student Representative, Biomedical Engineering Society First-Year Representative
Memberships Society for Neuroscience, Center for the Neural Basis in Cognition
Athetics Gymnastics, Rock climbing, Running
Artwork Glassblowing, Ceramic art
Languages English (fluent), Spanish (proficient)
